Attention: Paul L.  
Subject: Widespan Rhomboid

Dear Paul:

25X1

[Redacted] hopes to exhibit a complete line of stereoscopes and accessories at the forthcoming Semi-annual Meeting of the American Society of Photogrammetry in October. This meeting will be held in St. Louis during the week of October 2.

Your permission is herein requested to exhibit a Widespan Rhomboid from the current production order. This, of course, would be done without disrupting production schedules or divulging any information concerning the sponsoring agency.

In order to complete our exhibit planning, we would appreciate receiving your permission as soon as possible.

Very truly yours,

[Redacted]
